

Beyond Manufacturing

BEYOND EXPECTATIONS

SYSTEM RACKS

Say good-bye to chaotic, messy and disorganized work areas - this system clears your work space and helps keep it clear.

SYSTEM RACKS

The patented attachment enables the user to remove and replace the rolls with one hand. By means of the Quick-Snap holder, positioned on aluminum traverses, the system has a capacity for rolls, e.g. from 4" to 40". The racks can always be upgraded, even to special dimensions, such as for roll widths exceeding 50".

SYSTEM RACKS can also store rolls with a weight of up to 110lb.

Full dimensions :

W x H x D: approx. 50" x 82" x 10"
D with base: approx. 28"

Wall-Fastening Rack- Holds up to 12 rolls
Mobile Rack – holds up to 24 rolls (110 lb each)

Wall-Fastening Rack

Mobile Rack

Quick-Snap holder

Durable and holders for SYSTEM RACKS offer a fool-proof, one-hand mechanism of media rolls by means of the patented Quick-Snap system. The clip-arms can be moved to any position on the aluminium traverse, without the need for any screw connection. The SYSTEM RACKS are respectively equipped with 24 and 48 clip-arms. Quick-Snap holders can be easily installed and ordered pairwise.

EASY Clamp

EASY CLAMPS prevent the accidental unrolling of material.

Stable, yet flexible, the EASY CLAMP provides a reliable hold on rolls with a minimum diameter of 7 cm.

The label tag on the front of the clamp provides you with ample space to label and identify your rolls – this inconspicuous, yet very handy helper, makes keeping a tidy and organized workplace easier than ever.

EASY CLAMP is available in 24 and 48-piece-sets .
